FOOTBALL THIS AFTERNOON

PENNSYLVANIANS AND TOWN TEAM PLAY.

The Return Game Arranged for This Morning—Line Up of the Two Eleven—A Rattling Game.

There will be football this afternoon.

As soon as J. Q. Wood of the Town team and Bruff of the Pennsylvanians learned that there would be no baseball to occupy the grounds, they began hustling to see if the hoped for return game of football could not be played. There were obstacles in the way. Some of the Town team men had made other engagements. Some of the Pennsylvanians men were in the hospital or on guard duty. But by dint of energetic work the obstacles were overcome and the line up arranged.

The line up of the Pennsylvanians is as follows: Kinsley, center; Bander, right guard; Casey, left guard; McHenry, right tackle; Beckwith, left tackle; Muse, right end; Foss, left end; Ryan, quarter back; Falls, right half back; Bruff, left half back; and Jones, half back. Substitutes, Wilson, Brewer, Chantler, Stevens, Rumbaugh.

The line up of the Town team is as follows: Boughtailing, center; H. Cockett, right guard; I. Cockett, left guard; J. Waterhouse, right tackle; C. Holt, left tackle; Frank Armstrong, right end; D. Koff, left end; McLean, quarter back; Sam Johnson, right half back; L. Singer, left half back; W. Soper, full back.

The Pennsylvanians have a strong team. Beckwith played with the Union College eleven. Bruff played with the University of Pennsylvania, and starred with the Pittsburg Athletic club. Lieutenant Falls played with Columbia University. Muse was a member of the Newcastle Athletic club eleven. Foss is a Bates College player. The others have had their training with various colleges and athletic clubs in the east.

The game will be called promptly at 4 o'clock, at the baseball grounds. The tickets can be secured at the gate.

There is every promise of a thoroughly good and sportsmanlike game.

SOLDIERS FOR MOANALUA.

Reported That Camp McKinley will be Removed Thither.

Work on the barracks at Camp McKinley has been stopped. It is understood that the entire camp is to be moved to Moanalua to the tract which General Merriam has recommended as the site for the permanent army post.

BIG FLOW OF WATER.

The new Gear, Lansing & Co. well is developing strength hourly. At noon today it had risen all of twenty inches above the surface, and some say two feet. The well is situated close to the junction of the Kipahulu and the Waiwae roads, and will no doubt attract crowds of visitors to the scene this afternoon and tomorrow.

STOCK EXCHANGE.

There were no sales made or reported on the Exchange today, and but few and slight changes in asking prices.

FOR SUNDAY SCHOOLS.

The Sunday school superintendents and teachers' organization was perfected at the meeting at the Y. M. C. A. yesterday afternoon. The officers are: President, W. A. Bowen; secretary and treasurer, Mrs. G. L. Pearson; superintendent, Professor Theodore Richards.

Meetings will be held regularly every Friday afternoon.

WAIKIKI LIQUOR IN COURT.

The disposition of the liquor captured at James Sherwood's place in the police raid, was before Judge Wilcox today and a number of witnesses were in attendance. About noon, however, the court decided that Sherwood had not been served with a proper summons and was therefore not legally in court. The matter went over until a proper summons could be made out and served, and the other witnesses subpoenaed over again.

MESSANGER SERVICE.

Honolulu Messenger Service deliver messages and packages. Telephone, 378.

CHANCE FOR SAVING.

We are reducing stock to make room for improvements. Prices lower than ever.

FAIRCHILD'S SHOES.

While this was going on the firemen cautioned everyone from going near the fatal wire. The police were very promptly notified by telephone and Lieutenant Gardner and a posse were quickly on the spot. Superintendent Buck of the Government electric light works, was reached at the Bungalow, where he had gone from the hall at the Drill Shed to telephone as to the cause of the dim light which had resulted from the loss of power by reason of the accident. Quickly securing the services of Electrician James Crane and others the current was cut off and all further danger removed.

REMOVAL OF THE BODIES.

Total darkness having resulted from cutting off the current, Mrs. Burgess and others in the vicinity furnished lamps, and those from the fire station were brought into use. Marshal Brown arrived on the scene and assumed charge. The two bodies were

TWO VICTIMS OF THE DEADLY "LIVE" WIRE

Appalling Fate of a Hack Driver and of a Would-Be Rescuer.

In the Darkness and Rain Two Men Killed by a Broken Electric Light Wire.

About 1 o'clock this morning the electric light wire which runs from the pole at the corner of Alakea and King streets across to the No. 1 fire station fell from the pole to the ground. It was noticed by John Marshall, the watchman on duty at the station, who telephoned at once to the Government electric light station. He got an answer from someone there but while trying to make himself understood he heard the man he was talking to hang up the receiver and thereafter could get no connection. He then tried to notify the central. It was raining very hard at the time and the telephone was working badly. The street in front was covered with some inches of water and it was pitch dark.

Just at this time a hack belonging to the I X L stand driven by Alohihea came along going towards town. The driver saw the wire on the ground and pulled up short. "There's something wrong here," he said. "I'll get out and see what's the matter." Hannan answered, "You stay where you are and look out for your horse. I'll see what the trouble is," and so saying he jumped from the vehicle, followed by Gertz. They could see nothing of the fatal wire so close to them and went directly to the body of Alohihea. Hannan, who was in front, took hold of it and fell dead from contact with the electric current with which the body had become charged. With no thought of possible danger to himself Gertz grasped the wrist of his friend, thinking he had simply fallen. Immediately he screamed out, "Help! Help!" and continued to do so for some minutes, his body in the meantime being thrown and twisted into frightful contortions by the electric current, which had become reduced by passing through Hannan's body, so that it was not strong enough to kill him. The commotion outside had disturbed the firemen sleeping in the upper story of the engine house and they all made for the street.

THE INQUEST.

At 11 o'clock this morning Deputy Marshal Chillingworth, acting coroner, empaneled the following jury to inquire into the cause of death of Thomas Hannan and Alohihea, viz: A. Peyser, Ed Paris, T. V. King, Albert Trask, John Kuaana and John Mahuka. The jury was first conducted to a cell in the police station in which was the body of Alohihea where they were duly sworn. The body was being watched by the bereaved mother and a friend, the deceased having been unmarried. It bore a natural appearance, there being no burns about the hands or body to indicate the horrible nature of the death. The hands especially were examined by the jury and it was evident that the man had not come into contact with the wire itself but was probably killed through contact with the horse.

FROM THE POLICE STATION THE CORNER AND JURY PROCEEDED TO THE UNDERTAKING PARLORS OF E. A. WILLIAMS, WHERE THE BODY OF THOMAS HANNAN LAY, WATCHED BY A NUMBER OF HIS COMRADES.

There was no sign of the fearful manner of Hannan's death, nor were there any burns on his hands or body. He too probably never touched the fatal wire.

After examining the bodies the jury was excused until 2 o'clock this afternoon, at which hour the taking of testimony will commence.

PERMISSION WAS GIVEN THE RELATIVES OF ALOHIHEA TO REMOVE THE BODY FOR BURIAL, BUT THE FUNERAL ARRANGEMENTS WERE NOT COMPLETED THIS MORNING.

HANNAN'S FUNERAL.

Thomas Hannan will be buried from the Catholic cathedral at 2 o'clock tomorrow afternoon and the funeral will probably be a large and imposing one, as the deceased was very popular with his comrades. The band of the garrison will head the procession and there will be the usual firing party and escort of troops.

CAUSE OF THE TROUBLE.

The cause of the falling of the wire is said to be the breaking of the insulator peg on the pole at the corner of Alakea and King streets. This was an old one that has probably done service for years, though originally it was of stout oak. Two light wires connected and held the main wire to the insulator. When the peg broke, probably from the extra weight induced by the heavy rain then falling, these two wires became crossed and burned out, thus letting the main wire fall to the street. This wire was not burned at all, but the current be-

TO THE CHINESE CONSUL

SUCCESSFUL RECEPTION GIVEN YESTERDAY.

Chinese Societies and Merchants do Honor to the New Local Representative of the Chinese Empire.

Hundreds of the very best citizens of Honolulu, including nearly all the of the stairway by a committee of the consular corps, the officers of the regular army and volunteers, the navy, the local National Guard, paid their respects to Yang Wei Pin, the new Chinese Consul, yesterday afternoon, at the reception tendered him by the United Chinese Society.

Visitors were received at the head of the stairway by a committee of the leading Chinese citizens, while another committee introduced the guests to the Consul. Vice Consuls Goo Kim and Wong Kwai, Ahlo and W. Y. Afong entertained the visitors during their stay in the reception room. The Consul was dressed in the gorgeous robes of his office, and made a very favorable impression with the visitors. Among the Chinese colony he has already become popular.

Musical was furnished at intervals during the reception by an Hawaiian orchestra and light refreshments were served in the dining room. The rooms were beautifully decorated with natural flowers and wreaths, yellow being the predominating color, while stands of ferns and palms were placed to advantage everywhere. Consul Yang Wei Pin received standing in front of the dais, a large Chinese flag being on the wall forming an appropriate background.

The reception could not have been more successful and all the arrangements were characterized with that lavish hospitality for which the Chinese merchants of this city have become proverbial.

THE MIMIC WORLD.

Tonight's Dramatic Entertainment of The Kiloana Art League.

The dramatic entertainment of the Kiloana Art League will be given tonight at the Opera House. Two plays will be presented, the first, a curtain raiser entitled, "Bear and Forbear," the other a society comedy in two acts entitled, "The Model Lover."

There has been an immense amount of faithful work done in preparation, not only by those in the east but by Dr. Nichols who has had the general direction and responsibility of the matter and by Robert Scott under whose direction the plays have been staged and prepared.

The rehearsals have shown a great deal of enthusiasm and developed much real dramatic talent. The entertainment will certainly be well worth attending.

The advance sale of seats has been excellent. The members of the League have shown much interest in the matter. Tickets are on sale this afternoon at Bergstrom's Music Store.

The cast for the curtain raiser, "Bear and Forbear" is as follows: Sir Charles Courtney, Dr. Winslow; Lady Courtney, Miss Stella Love; Col. Thunder Lady Courtney's father, Lieutenant More; Mrs. Thunder, the Colonel's wife, Mrs. Titus; John, Lady Courtney's footman, Lieutenant Tice; Jane, maid to Lady Courtney, Miss Dottie Widdfield.

The cast for "The Model Lover" is: Prof. Pelletier, a French teacher of art, Dr. Frank Humphris; Col. Francis, a gentleman of the old school, S. M. Ballou; Miss Bettie, ward of Col. French, Mrs. Humphris; Miss Leslie, niece of the Colonel, Miss Alice Kitchen; Gustave Pelletier, son of the Professor, and "The Model Lover," A. W. Camp; Mrs. Babbitt, housekeeper to Col. Francis, Miss Wilhelmina Jeanke.

GENEROUS RESPONSE.

Donations for East Maui Sufferers are Still Coming In.

The response to the appeal in behalf of the sufferers by the East Maui Seminary fire has been both generous and continued. Three large cases were shipped by the Maui and landed at Kahului through the courtesy of Wilder's Steamship Company, although the Maui does not land any freight there. At least three or four more large cases will be ready for shipment Tuesday. The donations have been of all kinds of wearing apparel, table linen, bed linen and furnishings for chambers.

The dry goods stores have been prompt and generous in giving. There have been donations of cash, too, which Mr. Hall will send, as it will be needed.

E. O. Hall & Son are seeing carefully to receiving and forwarding the donations.

Rob Roy! A little beauty, \$2.50. McINERNEY'S SHOES.

LOST.

An opportunity to buy goods, Friday and Saturday, at low prices, if you don't take advantage of the sale at L. B. Kerr's.

AMERICAN MESSENGER SERVICE.

Masonic Temple. Telephone 444.

THE ART OF PRINTING.

There is an exclusiveness about French printed goods that cannot be accounted for, both in coloring and design. The French chaises being shown at Sachs' are extremely choice.

MRS. S. M. CARTER DEAD

NOTABLE MATRON PASSES FROM EARTH.

After three months of illness the End Comes—Sketch of Her Life—Funeral Arrangements.

Mrs. S. M. Carter, who has been ailing for some time, died shortly before midnight, aged 63 years. Mrs. Carter, who has not been in good health for many years, became quite sick about three months ago. She has been tenderly nursed by her daughter and her endurance of a painful disease was a lesson to all who saw her.

Mrs. Carter came to the Islands on board a whaler, with her husband, Captain Hempstead, in the year 1852, making the voyage round the Horn. Captain Hempstead was taken sick and died in Honolulu, leaving his young widow and one child, the present Miss Hattie Hempstead. A few years later the widow Hempstead married S. M. Carter, brother of J. O. Carter of this city, and by him had a large family. The members surviving are Fred W. Carter, Mrs. Oran Kitley of Port Ludlow, Wash.; Judge A. W. Carter, Mrs. J. L. Young, J. H. Carter, Miss E. M. Carter and Mrs. T. P. Waterhouse.

Mrs. Carter was a most exemplary woman and mother and was never weary of well doing. Whenever there were people sick or in trouble she was ready and willing to give all the help in her power. A friend speaking of her today said: "During an intimate friendship of forty years, I have never heard Mrs. Carter say an unkind word of any one. She was a true hearted woman and a model for those who had the privilege of knowing her. She was a rare characterized woman."

The funeral arrangements are completed but will probably be delayed for the arrival of Fred Carter from Molokai. The pall bearers are W. A. Kinney, Olaf Sorenson, J. G. Rothwell, J. F. Brown, John Waterhouse and E. Wadehouse.

THE QUEER COMBINATION

THAT IS COMING TO HONOLULU SHORTLY.

An Enthusiastic Party of New Yorkers who intend to "Walk Around the World"—Who They Are.

On the 3rd of October a party of eight Americans started from New York to walk around the world. They will go direct to San Francisco, and then come to Hawaii. From here they will go on to China and across Asia to Russia and back to New York by way of Europe. Among the party are two writers, an archeologist, a member of the Oregon crew, who was present when Schley demolished Cervera's naval fleet, a linguist, an artist, a musical critic and a geologist.

The director of the expedition, Rudolph de Zapp, last year rode a wheel to St. Petersburg, thereby, he says, learning that walking is preferable to riding in strange lands, where the roads are not worthy of the name and the customs duties make a bicycle an expensive luxury. As it will take several years to accomplish the tour, of to earn enough for their support while on the road, Mr. de Zapp is full of enthusiasm on the subject of his expedition. He says:

We shall travel across the American continent by way of the south, taking our time about it, and working at any temporary employment that may offer itself in order to pay our current expenses. We will take nothing from anybody that we do not earn or pay for. We shall lecture, write for the newspapers and adopt any honest means of supporting ourselves.

From San Francisco we shall take ship for Hawaii and thence to China, where we shall strike inland and across the Asia territory to Russia, and so through Europe. We shall be armed with revolvers.

The other members of the party are Henry L. Sanginetti, Sidney Ollendorf, Lellias E. Brown, Charles Koehler, E. J. Reid, Walter Langerfelt, Roy Edmunds, formerly of the Oregon, and Severin Jacobson.

WHY NOT BUY A SINGER?

You want a sewing machine? Then why not buy a Singer? There has been more of them sold than any other make. They wear longer, run lighter and do better work than any other make. They have never been a cut price machine, the workmanship on the Singer will not admit of cut prices. A few dollars in the original cost between a good machine and a poor one counts for nothing. B. Bergerson, agent, Bethel Street.

"RAINIER."

The Ladies' Favorite, the Men's Preference. Its absolute purity—mature age—and delicious flavor have made Rainier Beer a welcome visitor. It's the queen of all fine beers.

On tap or in bottles at the Criterion Saloon. Telephone 783.

OPEN TO CONVICTION.

Anyone who is open to conviction as regards the merits of different makes of bicycles are requested to call at our salesrooms and allow us to explain why the STERLING is the best wheel on earth. Pacific Cycle and Manufacturing Company, agents.
